Certified in Planning and Inventory Management

CPIM

Certified in Planning and Inventory Management-

Become a candidate of choice by demonstrating your ability to handle demand variation, risk and disruption.

"I highly recommend the APICS CPIM course through the Colorado ASCM Chapter. The course is incredibly valuable for any Supply Chain Professional looking to further their career or increase their effectiveness in their current position. The instructors at the Colorado Chapter are very knowledgeable and present the challenging subject matter in a way that is easy to understand and absorb. If you are thinking of obtaining your CPIM certification, the Colorado ASCM Chapter will provide you with the tools to achieve that goal!" **Stephanie DeBlase, CPIM, Materials Manager, Associated Thermoforming, Inc.**

Is the CPIM program right for you?

Resilience and agility are what make supply chains thrive. By earning the APICS Certified in Planning and Inventory Management (CPIM) designation, you'll develop competencies to successfully work across all functions of the supply chain. In addition, you'll have the knowledge to effectively manage risks and disruptions, as well as leverage technology to streamline processes.

CPIM content covers the following key topics:

- Supply Chains and Strategy
- Sales and Operations Planning
- Demand
- Supply
- Detailed Schedules
- Inventory
- Distribution
- Quality, Technology and Continuous Improvement

Certified in Planning and Inventory Management Program Highlights

- Includes CPIM Introduction + CPIM Certification
- One-time fee covers all materials, exam credit, and e-learning
- **Cost:** \$3,375 (Members), \$3,675 (Non-Members)
- **Location:** MSS Technologies, Lakewood, CO
- **Dates:** Oct 17 & 24, Nov 14 & 21, Dec 12 & 19, 2026; Jan 9 & 16, Feb 13 & 20, 2027
- **Time:** Saturdays, 8:00 AM – 5:00 PM MT
- **Register online:** <https://colorado.ascm.org/Education>

Minimum 12 students required. Classes will not be canceled once scheduled.

CSCP – Certified Supply Chain Professional

CSCP

Certified Supply Chain

Professional-Gain far-reaching supply chain knowledge to advance your career as you lead the way to superior supply networks.

"I would recommend the CSCP courses to anyone considering obtaining the certification. The Colorado ASCM Chapter instructors are very knowledgeable and offer great support. I could not be happier with my investment!" **Joe Fischer, CSCP, Import Supervisor, DSV Global Transport and Logistics**

Is the CSCP program right for you?

Now more than ever before, supply chain is essential for businesses to run, consumers to get the goods they need and society to function. APICS Certified Supply Chain Certification (CSCP) is the playbook you need to understand and deliver this critical process.

The comprehensive program covers everything you need to know across the global supply chain, from suppliers to customers and back again. Earning your CSCP designation shows that you have the skills to prepare for and overcome disruption, manage risk, and evaluate and implement modern supply chain technologies.

CSCP content covers the following key topics:

- Supply Chains, Demand Management and Forecasting
- Global Supply Chain Networks
- Sourcing Products and Services
- Internal Operations and Inventory
- Forward and Reverse Logistics
- Supply Chain Relationships
- Supply Chain Risk
- Optimization, Sustainability and Technology

CSCP – Certified Supply Chain Professional Program Highlights

- 8 modules covering end-to-end supply chain strategy
- Online instructor-led format
- Saturdays: Oct 3 & 10 & 31, Nov 14 & 21, 2026
- \$3,030 (Members), \$3,330 (Non-Members)
- **Register online:** <https://colorado.ascm.org/Education>

CLTD – Logistics, Transportation & Distribution

CLTD

**Certified in Logistics,
Transportation and
Distribution-**

Optimize all aspects of the movement of products for more efficient and sustainable supply chains.

HunterDouglas 

"I highly recommend the CLTD offered through Colorado ASCM/APICS to any supply chain professional interested in furthering their career. This course offers extensive review of the entire logistics networks, distribution strategies, and supply chain connectivity from demand and supply planning." **Stephen Robles C.P.M, CPIM, CSCP, Former Director of Materials & Warehouse Operations, Hunter Douglas**

Is the CLTD program right for you?

Logistics challenges, rising customer demands, and rapid technological advancements are reshaping the supply chain landscape. By earning the CLTD certification, you'll gain the expertise to navigate these complexities and establish yourself as the go-to logistics expert in your organization.

CLTD content covers the following key topics

- Logistics fundamentals and strategy
- Demand management and supply capacity management
- Customer and order management
- Warehouse distribution and fulfillment center management
- Inventory management
- Transportation management
- Global logistics
- Sustainability, reverse logistics and risk management
- Logistics framework, metrics, network design, transformation and improvement

CLTD – Logistics, Transportation & Distribution Program Highlights

- Covers global logistics, inventory, transportation, and sustainability
- Online instructor-led format
- Saturdays: Oct 24 & 31, Nov 7 & 14, Dec 5 & 12, 2026
- \$2,765 (Members), \$3,065 (Non-Members)
- **Register online:** <https://colorado.ascm.org/Education>

CTSC – Transformation for Supply Chain

CTSC

Certified in Transformation for Supply Chain- Demonstrate your strategic knowledge and skills to evolve, adapt, and transform supply chains from start to finish.

WHY CHOOSE ASCM:

Proven Curriculum:

Our industry-leading training programs are recognized globally and based on the latest trends, research and best practices.

Expert Educators:

Our hands-on instructors are experienced supply chain professionals, approved through our instructor assurance program, who bring real-world knowledge to the classroom.

Measurable Results:

Training goes beyond theoretical – employees can apply what they've learned for true transformational impacts. Track the impact of our training programs on your team's performance and your organization's bottom line.

CTSC Body of Knowledge:

Leverages components of ASCM's globally recognized standards, including SCOR DS, Enterprise Standards for Sustainability and the Digital Capabilities Model (DCM) to:

- Develop, deploy and manage change for a successful supply chain transformation
- Identify risks and opportunities, and select the appropriate philosophies, frameworks, models, and approaches to effect transform
- Apply systems thinking to develop, analyze, verify and validate concept alternatives for transformation
- Manage and align processes and capabilities with strategic transformation goals
- Manage skills, roles, responsibilities, and infrastructure needed for a supply chain transformation
- Identify tools and technologies to enable effective supply chain transformation
- Identify and implement strategies for reinforcing and replicating improvements

CTSC Learning System Components:

The CTSC Learning System is a comprehensive professional development program that will help candidates prepare for the CTSC examination. The learning system is based on the CTSC body of knowledge and features print-based study modules as well as online tools, including an assessment component that enhances the learning experience.

CTSC Modules

- Supply Chain Transformation Overview
- Preparing for Supply Chain Transformation
- Executing Supply Chain Transformation
- Review of Supply Chain Transformation

CTSC – Transformation for Supply Chain Program Highlights

- Focus on change management, digital tools, and strategic transformation
- Online instructor-led format
- Saturdays: Jan 9 & 16 & 23, 2027
- \$2,700 (Members), \$3,000 (Non-Members)
- **Register online:** <https://colorado.ascm.org/Education>

S&OP – Sales & Operations Planning

"The success of the program is not doubtable. It is now embedded in Teva's next-generation supply chain strategy."

**Eran Ebert, Head of Global Supply Chain Transformation,
Teva Pharmaceuticals Industries Ltd.**

Class Procedures

Classes: Certification classes are designed to assist you with your preparation for CPIM, CSCP, CLTD and CTSC certification examinations. CPIM Introduction is an introductory class. All other classes are intended for people with either academic or on-the-job experience. Non CPIM/CSCP/CLTD/CTSC courses are general education not certification courses.

Private Classes: We are happy to discuss private corporate classes upon request. Contact Honey Johnson, VP of Education at (303) 421-0797 or apicsco81@aol.com

Exam Credits: Credits for the CPIM/CSCP/CLTD exams are good for 6 months from the date of exam credit issue. Please do not request a credit until you are ready to sit for the examination. ASCM Colorado Chapter honors requests for Exam Credits up to 2 years from date of certification course registration.

Refunds: All refunds will be considered on a case-by-case basis and will be awarded at the discretion of the VP of Education.

Retakes: If you have taken a review class from us in the past 12 months and have not passed the corresponding examination, you can retake the class at no charge, otherwise class retakes are \$100. You will need to provide a copy of your ASCM Colorado Chapter class certificate and bring your book to class. Other re-take options will be considered on a case-by-case basis.

Certificates of Recognition: Certificates are awarded on the basis of attendance.

Computer-Based Testing (CBT) Registration at Pearson VUE Test Centers: Registration requires a minimum of 48 hours up to 90 days in advance. Exams will be offered six days a week. **Visit the ASCM web site at www.ascm.org/certification to access a link to the secured Pearson VUE online registration site and obtain an Authorization to Test (ATT)**

Instructors: All instructors are qualified, experienced professionals and are ASCM Certified Instructors and participating in the ASCM Instructor Development Program (IDP).

"I began working toward obtaining my CPIM soon after beginning my career in manufacturing. Everything I have learned from APICS/ASCM has elevated my effectiveness in my job, even before I received the certification. The classes I attended with Colorado Chapter 81 were especially additive in my education, analogizing the often-difficult study concepts to real-world, recognizable organizations and scenarios. If your career has anything to do with supply chains, production, quality, purchasing, etc., you cannot go wrong with CPIM." **Jason Rhine, CPIM, Production Planner, Gogo Business Aviation**

What are Students saying about APICS Education in Colorado?

"I took the Colorado APICS chapter's 10-week CPIM course and it was well worth it. Honey and Roger really know the CPIM material inside and out — they've taken and passed all the exams themselves, so nothing on the test caught me off guard. What I appreciated most was their real-world experience from careers in aerospace and software implementations; they could tie the concepts back to how things actually work in practice, which made the material stick. I passed my CPIM exam, and a lot of the credit goes to this class. If you're going for the CPIM, take this course." **Andre Campbell-Scoccia, CPIM, Global Technology Lead – Demand Planning, Ball Canning**

"I recently passed the CSCP exam, and I couldn't be more satisfied with the experience. A big thank you to Honey Johnson, Bob Abeyta, and Joe Grigg, from the Colorado ASCM Chapter, who were the incredible instructors for the APICS CSCP Certification Review Course. They provided thorough and knowledgeable explanations, and I appreciated their availability to answer questions. They highlighted key areas to focus on in our studies to help us pass the exam on the first try. I highly recommend this instructor-led course!" **Celia Velasquez, CSCP, Buyer, Charter Communications**

"I started out studying for the CPIM on my own—reading textbooks and trying to piece things together—however I quickly realized I needed more structure and expert guidance. Joining the course offered by the Colorado ASCM chapter was the best decision I could have made; I honestly don't think I would have passed without their help. Honey and Roger were amazing — knowledgeable, patient, and always willing to explain things until they clicked. Their real-world examples, clear explanations, and practical study tips made the material manageable and gave me the confidence I needed for the exam. I highly recommend the Colorado ASCM chapter course to anyone serious about passing CPIM." **Allison Oliver, CPIM, Director – Supply Chain, EFI Polymers**

"I am a supply chain professional of more than 15 years, and MCIPS Qualified. I had an opportunity to study the CSCP Course through my employer and was keen to brush up my existing knowledge and skills. The Colorado ASCM course has provided me with a wider knowledge and understanding of the end-to-end supply chain. The instructor-led learning gives an opportunity to ask questions to these supply chain professionals as well as other students. The online learning material is categorised into easier to follow modules and test questions to help prepare for the exam. I would recommend this course to anyone wanting to polish their supply chain skills and keep up to date with the ever-changing supply chain environment. It's a valuable investment." **Angie Armstrong, CSCP, MCIPS, Senior Global Sourcing Manager, CooperVision UK**
