

2019 APICS Chapter Excellence Awards Recognize the APICS Colorado Chapter for Training Development

Denver, Colorado – October 7, 2019 – The APICS Colorado Chapter is pleased to announce their recognition as a standout supply chain organization in the 2019 APICS Chapter Excellence Awards. Presented during the APICS Global Partner Summit, the Chapter Excellence Awards honor APICS chapters that engage their members and are innovative in serving their market and communities. The APICS Colorado Chapter received the award for their distinguished performance in their robust training program and in motivating their students to complete their APICS certifications and advance their career path. The Global Partner Summit took place during ASCM 2019, the organization’s flagship supply chain management conference, held in Las Vegas, Nevada.

With categories for Membership Development, Training Development, Chapter Development, and Digital Engagement, the awards program accepts nominations from APICS chapters across North America. Winners in this year’s APICS Chapter Excellence Awards program were selected by an award review panel, comprised of volunteer leaders and members of the ASCM Global Channels staff. The Colorado Chapter has navigated the changing professional and volunteer landscape to shape their future.
